

The Patient Care Pathway introduces and prepares students for a variety of careers in the medical field while utilizing cutting edge equipment such as virtual dissection Anatomage table to teach students medical terminology, anatomy/physiology, human injury, diseases, and disorders, and more.

Students receive mentorship from industry professionals and medical career training to prepare students for medical internships and entry-level medical jobs they can pursue directly after high school. The Patient Care Pathway gives students a competitive edge in their preparation for college and career.

Students can earn college credit for Medical Core with Santa Ana College, as well as earn their bi-literacy seal upon completion of Spanish Four Patient Care.

To sign up for a Patient Care Pathway course, contact your Canyon counselor today!

“The Patient Care Pathway is a great way to discover your desired career path and gives you a step-by-step plan to reach your goals. It enhances the skills needed to be professional in any field.”

D. H.

Class of 2020

Sample Four-Year Plan

The table below represents a sample four-year plan sequencing the required classes to be a Patient Care Pathway completer. Students must complete a level 02 & 03 course to be a pathway completer and earn a tassel to wear at graduation. Students should work closely with their counselors to incorporate appropriate honors, IB and AP courses, as well as other graduation and A-G required courses.

Course Type	9th Grade	10th Grade	11th Grade	12th Grade
Patient Care	Medical Core (02)	Medical Core (02) or Body Systems (03)	Body Systems & Disorders (03)	Spanish 4 Patient Care, or Professional Internship
A-G Approval	G College Prep Elective		D Laboratory Science	

Patient Care Pathway Course Descriptions:

Medical Core UC-G (02): Deepens student knowledge of medical terminology, human growth & development, body systems, common diseases and disorders, medical math, and bio-safety. Students gain practical experience in Vital Signs, Emergency Medical Care, First Aid, & CPR. This is an articulated college course.

Body Systems & Disorders UC-G (03): This class covers human anatomy and physiology, normal body system functions, and diseases and disorders of those systems.

UCCI Spanish 4 Patient Care UC-E (03): A level four Spanish course that prepares medical caregivers to communicate with Spanish-speaking patients using medical terminology, anatomy, physiology, & patient assessment, fusing the medical responder with the medical communicator. Students can earn their Bi-literacy seal.

Professional Internship (03): Allows students to apply academic knowledge and 21st-century employability skills in a workplace setting. Students will prepare job readiness documents and interview at an assigned site before interning with a local Canyon Business Partner.

What is an Articulated College Course:

Students have the opportunity to earn college credit for courses completed in High School by satisfying requirements set in the agreements between Canyon HS and the affiliated junior college. For further information, please speak with the teacher of the articulated course.
